

Mini Strip Away Discs

Part No.: 66-400-CS

Strip Away discs are constructed with coarse synthetic fibre impregnated with abrasive grit. These discs provide fast cutting action with little heat build-up. The open design quickly cleans surfaces without damage.

FEATURES AND BENEFITS:

- Traditional TR roloc design for use on all common air tools
- Open design for fast and cool cutting action
- Cleans welds and removes paint, rust, and coatings without profiling or gouging the metal beneath
