

# STEERING WHEEL COVERS

The universal car steering wheel covers are made of HDPE high-density polyethylene, featuring good elasticity, easy to install, lightweight, and waterproof.

- **Disposable and Flexible:** HDPE High-Density Polyethylene plastic, with elastic stretch grip.
- **Easy To Install:** Transparent plastic cover with elastic closure, universal design fits any steering wheel.
- **Application:** Disposable steering wheel covers are essential auto parts, suitable for car maintenance, body repair shops, and car interior protection, which can prevent oil from getting on the steering wheel.
