# AUTO REFINISHING Masking Tape

Say goodbye to messy edges! Auto Refinishing Masking Tape is the ultimate solution for all the critical automotive aftermarket needs. With the high-quality rubber-based adhesive formula, you can rest assured knowing that it will deliver a secure bond on various surfaces, eliminating any worries of lifting or overspray. To top it off, its green color enhances masking area visibility, making the job easier and more efficient.

## Characteristics & Advantages

- Water resistance treatment for unparalleled protection, reliability, and unmatched performance.
- Withstands temperatures of up to 230°F for a remarkable 30 minutes and 194°F for 1 hour.
- Exceptional conformability, effortlessly adapting to curved and irregular surfaces.
- 3-day UV resistance
- Seamless transitions between colors or sections, enhancing the overall aesthetic appeal of the work.

Total Thickness	Temp. Resistance	UV Resistance	Water Resistance	Available Color
5.1 mils	194°F (1 hour)	3 Days	✓	Spring Green

Part	Size	UOM	Rolls/Cs
SM0018	3/4" (18mm) x 55m	CS	48
SM0036	1.5" (36mm) x 55m	CS	24
SM0048	2" (48mm) x 55m	CS	20
